

mud pump bearing and parts,ADA42207,12BA18

Fluid End:

- Two-piece modular cylinder design is completely interchangeable between modules
- Fast Change™ screw-type valve covers which facilitate quick removal and installation are standard
- Suction manifold can be equipped with front or side inlet connections
- Discharge piping connects from either side
- Piston and liner chambers are easily accessible and fully open
- Two-piece piston rod construction allows removal of piston without disturbing liner
- Easy-to-operate clamps give positive locking for liners and piston rod assemblies
- Spray system cools and lubricates piston and liner surfaces
